

Dodgsonland (Part 2)

(Alice in Wonderland/ A World of My Own)

Alice - Books are boring!

I would rather live my life exploring,

Like Columbus: on a voyage, touring...

All - ...through a world of her own.

Mathilda - Columbus discovered the New World. What are you going to discover except more trouble, just like you always do...

SONG

Alice -No more trouble,

For the greatest problem would be things a child could understand.

All - Maybe somehow, if the world could run on dreams and make-believe and fun,

Alice - Then I could be most anyone!

All - Your world would be a wonder-

Mathilda - Well, Miss Columbus, just remember to look before you leap,...so you don't get hurt searching for your little wonderland...

All - -land!

Life could be a Wonder-

Life could be a wonderland!

Mathilda - Now, getting back to Mad King George, wait, let me find the page...

Alice - ...yes, a wonderland that's all my own where...(yawn)...anything is...(yawn)...possible...zzzzzzz..

All - -land.

Life could be a Wonder-

Life could be a wonderland! -land.

Life could be a wonder...

Life could be a wonderland! a wonder...

All-Just remember "Look out before you leap."

It's a world of wonders;

The memories are yours to keep.

Alice in wonderland.

Where is the path to wonderland?

Over the hill or here or there?

I wonder where.
