

Saturday Angel Mojo Song

Hey, Hey give me five, the angels are comin' alive
Saturday, nine AM Gonna get with my friends

CHORUS:

We're gonna sing, we're gonna cheer, we're gonna throw away all our fears
Hey, hey don't you know, the angels got their mojo
We're gonna put on a great big show, we might even do-si-do
Learn our lines, give it our best; school and tech week – get no rest
Grow and grow week by week, trust in me, you ain't even peaked

Hey, hey don't you know you be bringing that mojo
We're gonna act like we do, Ain't nothin' but the truth
You and I we are the same—we want some fun, we want some fame

CHORUS

Give me a hand, give me a lift
A buddy makes a big difference
Hey, hey shoo-bid-di-do
Necessities will come to you
Hey, hey help me soar
That's--what--friends--are--for.

CHORUS

We're gonna sing
We're gonna cheer...
Hey, Hey don't you know the angels got the mojo
the angels (all you angels) got the mojo!
